Building national and European communities

Key outcomes ONCA Portugal

- March 2019: Screening for malnutrition is mandatory in all public hospitals;
- July 2019: "Optimal nutrition care for all through mandatory screening and outpatient accessibility for enteral & parenteral nutrition", published in the "National Policy for effective screening implementation" by Directorate-General of Health (DGS)

Excellent turn out from

- National societies, patient organisations
- MPs & MEPs
- National authorities

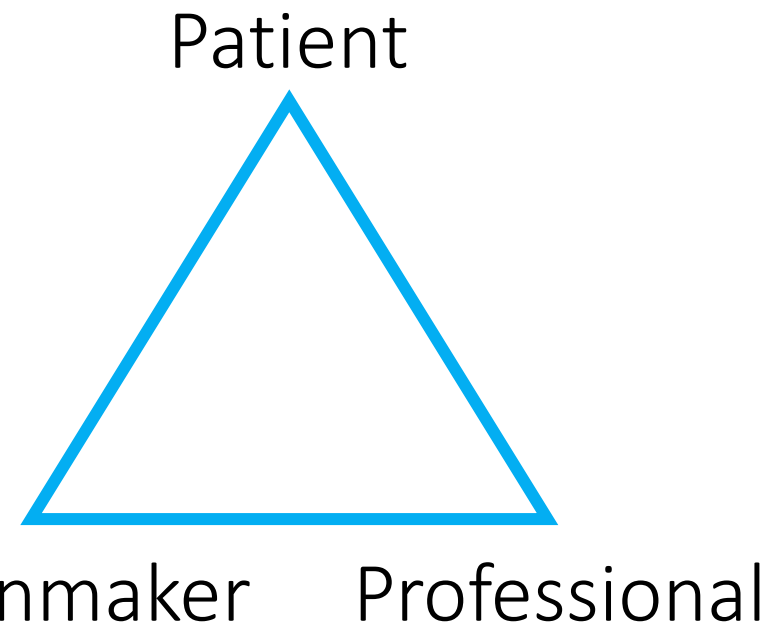

2019 Focus

- ✓ Inclusion of Professionals, Patients and Decision makers
- ✓ Grow the campaign's community online & offline
- ✓ Synergy content of spring meeting, conference & website
- ✓ Intensive collaboration with communication coordinators in 18 countries

optimal
nutritional care
for all

“Effective (nutritional) care requires multidisciplinary collaboration”

Hybrid events: think European, act local

- ✓ European scope provides weight
- ✓ National focus creates local impact
- ✓ Countries learn from each other

The Power of Inclusion

Spring Meeting Paris 2019

Dr M. Chauillac
Direction Générale de la Santé

Paris 2019

“The meeting was good for us in France. Michel Chauillac asked us to come again to the Ministry of Health on June 19th to work on the National Nutrition Plan 2019-2023”

Prof. Agathe Raynaud Simon

Prof. Pierre Déchelotte,

Prof. Eric Fontaine

The Cambridge Conference 18 & 19 November 2019

- ✓ (Re-) engage national decision makers and accelerate ONCA UK activities
- ✓ The Interactive Plenary Session: Co-creating the patient's pathway
- ✓ The Good Practices Exchange Market
- ✓ Brainstorm sessions to expand & accelerate the four content tracks

A close-up shot of Leonardo DiCaprio from the movie 'Inception'. He is wearing a black tuxedo with a white shirt and a black bow tie. He is holding a martini glass filled with a yellowish liquid, looking directly at the camera with a slight, knowing smile. The background is dark and out of focus, showing bokeh lights and what appears to be a party or event setting.
